Office of Legislative Counsel

Monday - 5 August 1957

-----

Met with Stanley Tracy, of the staff of the Commission on Government Security, at which time he stated it was the intent of the Commission to exempt CIA from its proposed loyalty and security program. I told Mr. Tracy that the draft legislation did not altogether reflect this intent, and he said that he would be glad to give us a statement in writing as to the intent of the Commission if we so desired. I told him that we would avail ourselves of his kind offer.
